DETAILED ACTION

1. Claims 1 to 29 are presented for examination. The amendment filed 2-22-2005 canceled claims 4 and 8.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2-22-2005 has been entered.

Allowable Subject Matter

3. Claims 1 to 3, 5 to 7 and 9 to 29 are allowed.

4. The following is an examiner's statement of reasons for allowance: the prior art made of record teaches evaluating headers of data messages for a communication system; however, the prior art made of record fails to teach or fairly suggest or render obvious the novel element of the instant invention of producing a complex comparison result. Therefore, the primary reason for the allowance of the independent claims is the inclusion of "the complex comparison logic being configured to compare the first single

digital value from the forth logic to a second single digital value to produce a complex comparison result.”

Claim 23 recites similar limitations as claim 1 and is allowed for the same reasoning as claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”
